| <u>I. The Basics Of HIPAA</u> | |
| <i>I.1: What exactly is HIPAA?.....</i> | <i>3</i> |
| <i>I.2: Does HIPAA affect health information that I collect and maintain for employment purposes?.....</i> | <i>3</i> |
| <i>I.3: Does this mean I have to provide health benefits to all my employees?.....</i> | <i>3</i> |
| <i>I.4: So, what are the positives that HIPAA offers for people without health insurance?.....</i> | <i>4</i> |
| <i>I.5: What happens to health insurance if employees quit or lose their jobs?.....</i> | <i>4</i> |
| <i>I.6: If a new employee comes aboard, do I have to give her the same health insurance benefits that she had in her old job?.....</i> | <i>4</i> |
| <u>II. Analyzing Non-Discrimination Issues</u> | |
| <i>II.1: I understand that HIPAA has non-discrimination provisions. What does that mean for employer sponsors of group health plans like my company?.....</i> | <i>6</i> |
| <i>II.2: How can we determine what groups contain “similarly-situated” individuals under HIPAA non-discrimination rules?.....</i> | <i>6</i> |
| <i>II.3: Can our group health plan charge a higher premium to an individual with a high claims history?.....</i> | <i>6</i> |
| <i>II.4: Can an employer’s health insurance issuer charge an employer a different premium for each individual within the group health plan based on each individual’s health status?.....</i> | <i>6</i> |
| <i>II.5: Can we offer a premium differential between smokers and non-smokers so smokers would pay more for coverage than non-smokers?.....</i> | <i>6</i> |
| <i>II.6: We are an employer that provides voluntary testing to group health plan enrollees to help detect early health problems. Under the program, no reward is given based on the outcome of the assessment. Does this type of wellness program have to meet the wellness program provisions?.....</i> | <i>7</i> |
| <i>II.7: Our plan has a \$2,000 lifetime limit on all benefits provided for one particular health condition. Plus it has a \$500,000 lifetime limit on all benefits covered under the plan. Are these limits permissible?.....</i> | <i>8</i> |

II.8: *We’re considering imposing a 12-month preexisting condition exclusion period. Then after the first six months, the exclusion period will be waived for individuals who have not had any claims since enrollment. Is this permissible?.....8*

II.10: *Can we require that individuals pass a physical examination in order to be eligible to enroll in our plan?.....8*

II.12: *Suppose our health plan wants to deny eligibility to victims of domestic violence or participants in such high-risk activities as motorcycling, bungee jumping, skiing, and other similar activities. Can it?.....8*

II.13: *Can an employer’s health plan deny benefits for injuries an enrollee sustained while engaged in a high-risk activity, such as bungee jumping?.....9*

II.14: *An employee covered under our health plan attempted suicide and was later diagnosed with depression. The plan excludes benefits for self-inflicted injuries. She claims she is entitled to benefits due to her medical condition. Is she correct?.....9*

II.15: *Can an employer’s health plan state that coverage does not take effect on the normal date when an individual is confined to a hospital, until that individual is no longer confined?.....9*

II.16: *While we were in the process of changing health plans, an employee landed in the hospital. HIPAA says the new insurance carrier must cover the stay, but state law says the prior carrier is obligated to. Does the employee wind up with dual coverage?.....9*

II.17: *Our health plan has a 90-day waiting period for enrollment. An individual enrolled in the plan missed work on the 91st day due to illness. Can our plan exclude that individual from coverage until he returns to work under the plan’s actively-at-work provision, which requires that an individual be actively at work in order for coverage to start?.....9*

II.18: *An employer’s health plan provides employees’ dependents coverage only until age 25. This age restriction does not apply to dependents with disabilities, who may continue health coverage past age 25. Does HIPAA permit plan provisions favoring such dependents?.....9*

II.19: *Does the carry-over feature of a health reimbursement arrangement (HRA) violate the non-discrimination provisions since employees’ amounts will be higher or lower depending on their medical claims?.....9*
